Kris Hollis Key:

These tracks were recorded entirely by Kris in Marina Del Rey, CA. on a ProTools Digi 01 system at 48k/24bit. I am mixing them in 5.1 on a ProTools HD3 Accel system.

Kris formerly owned a well known recording studio in Tulsa, OK. in the 70-80's and recorded well know folks like Ronnie Dunn, of Brooks and Dunn. Dickie Simms, of Eric Clapton's old band plays keyboard on some of these tracks.

GoodLife surround mix isn't finished yet, but not in bad shape.
